<b>Dimensions</b>	460 x 160 x 360 mm (WxHxD) lid closed
<b>Weight</b>	7,7 kg net

### „A splendid time is guaranteed for all“ - 2Xperience SB Sergeant Pepper Limited Edition!

This high-end *2Xperience SB Sergeant Pepper Limited Edition* is number three of a total of six collectors special edition turntables, that represent the cooperation between Pro-Ject Audio Systems and Universal Music Group/The Beatles. For the 50th anniversary of the extraordinary record "Sergeant Pepper's Lonely Hearts Club Band", a total of 1000 pieces of this exceptional record player will be produced.

A belt-drive turntable with precision motor control (electronic speed change) and a highend 9cc Evolution carbon fiber tonearm means playback quality is outstanding. The heavy chassis is made from MDF using a non-resonant construction technique. The turntable platter is built with heavy, non-resonant materials in a precisely balanced sandwich configuration. A vinyl layer acts as the perfect turntable mat. A screwable and light-weight record clamp eliminates unwanted record vibration and rumbling of the main platter bearing. The audio performance of the final product benefits from the resonance-free platter, avoiding the ringing effect of common metal and glass platters. The 2Xperience SB is not only equipped with a highend tonearm, but comes with a pre-fitted Ortofon 2M Silver magnetic cartridge that makes use of silver voice coils. An acrylic dust cover is also included. For all fans of the Beatles who want to hear their beloved records of the Fab Four in an audiophile way! A real collector's dream !!

Also available in music stores:

## **Sgt. Pepper's Lonely Hearts Club Band 2LP**
