George Harrison Recordplayer - a true collector's item!

This special collaboration between Pro-Ject Audio Systems and the Universal Music Group features one of the most influencing artists of modern history, former Beatles member George Harrison! The turntable used is Essential III, the evolution of a milestone. It features high quality and audiophile components, such as an Ortofon OM10 cartridge, a precision diamond cut aluminium pulley, top notch MDF chassis, an acrylic platter or a completely redesigned motor control. Its sound is both lively and relaxing, musical and detailed just like the music from George Harrison, therefore they are perfect partners in crime.

The artwork on the turntable was created by Studio Number One. The original design was created by Shepard Fairey, one of the most respected street artists around, for the Harrison family. It features a distinctive portrait of George Harrison and forms together with the Indian patterns and the analogue mixing console (below the acrylic platter) a very unique look.

This one of a kind masterpiece is limited to **2500 pieces worldwide**.

George Harrison LP Box Set contains:

Wonderwall Music
Electronic Sound
All Things Must Pass
Living In The Material World
Dark Horse
Extra Texture
Thirty Three & 1/3
